Time flies when we're together.

At Bartley Ridge, there're a million ways to spend a cosy day. Start with the Ecology Pond. Take a refreshing stroll by the waters or make it your educational park to teach your child about interesting species. Then, continue your itinerary at the Community Garden. Encircled by greenery, it offers a charming area for an evening of festive cookouts, joyous celebrations and the most delightful memories.

*The stars aren't out.
But still, a brilliant night.*

The night scene at home is especially mesmerising, thanks to the artfully-designed clubhouses. Studded with dazzling lights, these spectacular domes are tailored to different lifestyles and activities.

*Let's fall in love.
I know just the perfect place.*

Planning a date with that special someone? Enjoy undisturbed time at the Meditation Pods. Dine in charming ambience at the Dining Pavilion. Then after your meal, take a relaxing stroll. The lush, scenic landscapes will make your evening extra spellbinding.

*Day or night,
there's a sun in me.*

Round up your family for a sunny morning exercise at the Outdoor Fitness Station. Then challenge your kids to a friendly match at the Tennis Court or break your personal golfing record at the Putting Green. When evening comes, slow down your pace with a leisurely swim in the 50m Lap Pool. With a variety of exercise venues, it's easy to glow with radiance, 24/7.

*Once in a while,
I don't mind giving up
the world for a quiet little corner.*

Hide away in tranquil corners for the ultimate relaxation. Take a break from urbanity and reconnect with nature at the Topiary Garden. For a pampering retreat, immerse in the Hydrotherapy Oasis for a soothing massage while you listen to the lullabies of the waters.

*My private hideout. Still the most
welcoming place in the world.*

Brew a pot of coffee, snug up on your couch, browse a magazine. The soft, natural lighting of your living room offers you an airy, congenial environment to read and relax. The harmonious interior hues instantly put your mind at ease while the functional layout accommodates all the creature comforts you need to build a truly inviting nest. And with resort-like views sprawling outside your full-height windows, you'd agree it's so good to be home.

*Would you like pasta or ciabatta
to savour this pleasant evening?*

Cooking up a feast is always a breeze with your fully-equipped kitchen. At your beck and call are quality appliances and fittings. Even washing-up is made a luxurious affair with premium sanitary fittings.

Sweet dreams in progress.

After work, after party, after it all, your bedroom is the most desirable sanctum to come back to. The attached bathroom in almost every unit makes it easy for you to wash up and turn in for the night. A sleek, spacious built-in wardrobe helps stow every distraction away for undisturbed rest. Just dim the lights and dream away.

*Let's head out for some fun,
sing and whistle in the sun.*

And in only a few MRT stops, arrive at glitzy Orchard Road, VivoCity or Marina Bay for world-class fashion trends and leisure options.

For drivers, you enjoy convenient island-wide access with three expressways: KPE, CTE and PIE. NOTES TO SPECIFICATIONS

A Marble/Granite

Marble/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

B Timber strips

Timber strips are natural materials containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Timber strips are also subject to thermal expansion and contraction beyond the control of builder and Vendor. Natural timber that is used outdoors will become bleached due to sunlight and rain. Thus, the cycle of maintenance on staining will need to be increased as required. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17.

C Air-conditioning system

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his/her own contractor to service the air-conditioning system regularly.
